

<p style="text-align: center;"><b>STATEMENT OF CANDIDATE FOR SOUTH PLACER MUNICIPAL UTILITY DISTRICT, WARD 2</b></p> <p><b>Name: WILLIAM J. DICKINSON</b> <span style="float: right;"><b>Age: 68</b></span></p> <p><b>Occupation: South Placer MUD Director/Retired</b></p> <p><b>Education and Qualifications:</b></p> <p>It has been my pleasure to serve you on the South Placer Municipal Utility District (SPMUD) Board of Directors for the last fifteen years. My education (BA Economics) and experience (over thirty years managing and consulting with public utilities) has helped me effectively oversee our local sewer district and protect your interests.</p> <p>SPMUD is financially secure and provides excellent service at very low cost when compared to other sewer utilities. To assist with planned development of our community, we utilize fees paid by developers to extend trunk sewer lines within the SPMUD service area. We continually improve techniques for efficient maintenance and replacement of older sewer lines, pump stations and treatment facilities. Our goal is to excel at customer service and remain open and accountable for our actions.</p> <p>If elected to another term, I will work cooperatively with the other four Directors to plan for long-term needs while maintaining fiscal restraint. Please feel free to contact me with any comments or concerns regarding service provided by the South Placer MUD.</p>	<p style="text-align: center;"><b>STATEMENT OF CANDIDATE FOR SOUTH PLACER MUNICIPAL UTILITY DISTRICT, WARD 2</b></p> <p><b>Name: JERRY SIMMONS</b></p> <p><b>Occupation: School Attorney</b></p> <p><b>Education and Qualifications:</b></p> <p>The South Placer Municipal Utility District runs the sewers in the City of Rocklin. It has increased rates without regard for the impacts on businesses and residents. While increasing rates, it is sitting on tens of millions of dollars in reserves which have been earning almost no interest. I will work to reign in these cost increases and turn this agency into a cost reducer for Rocklin residents.</p> <p>The agency should explore expanding its mission to provide lower cost electricity to city residents. Roseville has much lower electric rates through public power, and all of us could benefit if this agency replicated their success.</p> <p>My wife Cindy and I met at Harvard University and have made our home in Rocklin for 20 years, currently residing in Whitney Ranch. Our boys attend Rocklin public schools. I previously represented Rocklin residents on the Sierra College Board of Trustees. Currently, I serve as legal counsel for local public schools.</p> <p>Assemblyman Kevin Kiley, Mayor Bill Halldin, Councilmember Greg Janda and former Mayor Joe Patterson all agree that I am the best candidate to turn this agency around. If you have any questions, please contact me at 916-803-5675.</p>
