

**STATEMENT OF CANDIDATE FOR**

**SOUTH PLACER MUNICIPAL UTILITY DISTRICT, WARD 3**

**Name: CHRISTY JEWELL**

**Age: 55**

**Occupation: Director of Career Planning & External Workforce Development Partnerships**

**Education and Qualifications:**

This year, SPMUD re-drew boundaries for its districts and voters will elect directors from their neighborhood. My husband, Trent, and I have lived in the same neighborhood for nearly 20 years and raised our children here.

We are active in the community, volunteering for the Rocklin Area Chamber of Commerce, in our children's schools, church and City Commissions.

While SPMUD may be overlooked at times, it has a big impact on residents and businesses. I work closely with businesses in my professional life, with experience in education, government and business.

If elected, I would bring a fresh perspective to the SPMUD board with my significant ties with the business community. I am concerned that SPMUD's fees to connect to the sewer system have been rapidly increasing - contributing to the already high cost of homes in the region.

In just 10 years, the total fee to connect to the sewer system for any house or one apartment unit has increased from about \$9,000 to \$14,500. This year alone, those fees increased about \$1,500.

I am grateful for the support of the entire Rocklin City Council. I would be honored to receive your vote. Contact me at [cjewell@surewest.net](mailto:cjewell@surewest.net).
